PRODUCT RANGE FOR BALING APPLICATIONS - **RECYCLING** INDUSTRY

Jumbo Brown Twine (10kg)

10.5 g/m Twine

950m per 10kg roll

Breaking Strength ~300kg

Designed specifically for binding recyclable material bales and waste management applications

Jumbo Blue Twine (10kg)

10 g/m Twine

1000m per 10kg roll

Breaking Strength ~400kg

Designed specifically for bundling recyclable materials and waste management applications.

Normal Duty Rope (10kg)

12 g/m, 5mm rope

830m per roll

Breaking Strength ~420kg

For reliable normal baling operations

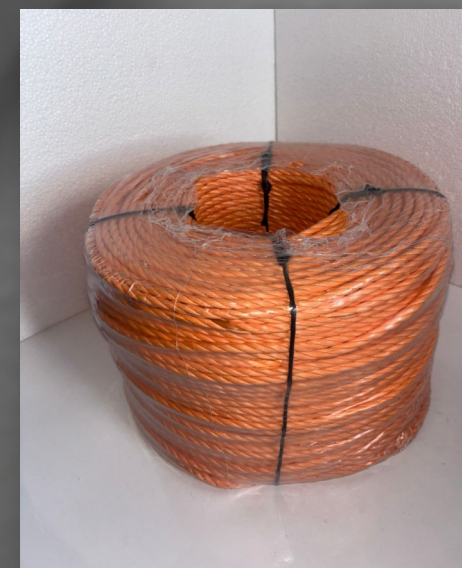

Heavy Duty Rope (10kg)

18 g/m, 6mm rope

550m per role

Breaking Strength ~520kg

Commonly used for binding PET waste recycling bales

Extra Heavy Duty Rope (10kg)

24 g/m, 7mm rope

420m per roll

Breaking Strength ~950kg

Used for extra large waste recycling bales

PRODUCT RANGE - **AGRICULTURE** INDUSTRY

Brick Baler Twine (5kg)

3.12 g/m Twine

1600m per 5 kg roll

Breaking Strength ~80kg

For rectangular bale applications

Roto Baler Twine (5kg) - Blue

1.11 g/m Twine

4500m per 5 kg roll

Breaking Strength ~45kg

For round roto baler applications

Roto Baler Twine (5kg) - Yellow

1.11 g/m Twine

4500m per 5 kg roll

Breaking Strength ~45kg

For round roto baler applications

Banana Twine (5kg)

3.12 g/m Twine

1600m per 5 kg roll

Breaking Strength ~75kg

For rectangular bale applications

Tomato Twine (5kg)

1.1 g/m Twine

4500m per 5 kg roll

Breaking Strength ~36kg

For rectangular bale applications

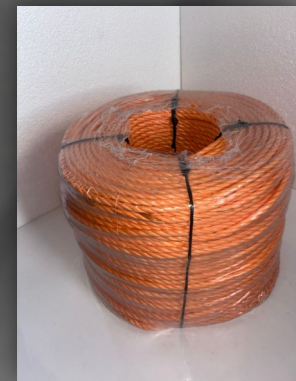

Big Pack Blue— Baler Twine (10kg)

8 g/m Twine

1250m per 10 kg roll

Breaking Strength ~340kg

For rectangular bale applications

Various Agricultural Application - 7mm Rope (10kg)

24 g/m—3 Core Rope

420m per 10 kg roll

Breaking Strength ~950kg

For general agriculture applications

Borehole Rope - 10mm (200m -1400m)

50 g/m 3 Core PP Rope

Customer lengths 200 m—1400m

Breaking Strength ~1400kg

For borehole pump applications

PRODUCT RANGE - **MINING**, **INDUSTRIAL** AND **MARINE** INDUSTRY

5kg Mine Twine / General

3 g/m Twine

+/- 1600m per 5kg roll

Breaking Strength: +/-100kg

Commonly used by Mines and mining companies or for general use.

5kg Lacing Twine

1.1 g/m

+/- 4500m per 5kg roll

Breaking Strength: +/-60kg

Designed for packaging, bag closing, draw cord and general purpose lacing tasks.

Cable filler Twine

2400, 2700, 3500, 5700 Tex

From 400m to 1750m per 10kg roll

Breaking Strength: 150kg—250kg

Commonly used in cables as fillers.

3 Core PP rope (4mm—15mm)

Manufactured as per customer's requirements

Floating Poly Propylene ropes for marine applications

7mm Orange Rope (10kg)

24 g/m—3 Core Rope

420m per 10 kg roll

Breaking Strength ~950kg

For mining applications

Cable Filler Rope - 8.2mm Rope (10 - 70kg)

40 g/m—3 Core Rope

250m per 10 kg roll

For use as a cable filler in steel ropes

10mm Grey Rope - (10 - 70kg rolls)

50 g/m 3 Core PP Rope

Customer lengths 200 m—1400m

Breaking Strength ~1400kg

For mining applications

15mm Heavy Duty Rope (10 - 70kg rolls)

112.5 g/m—3 Core Rope

178m per 20 kg roll

Breaking Strength >2000kg

For heavy duty industrial applications
